

Get Started with Pearson's MasteringPhysics

First, make sure you have these 3 things...

Email: You'll get some important emails from your instructor at this address.

Course ID: MPMORRISONSUMMER2019

Access code or credit card: The required access code comes either with your book or by itself at your bookstore. Alternatively, you can buy instant access with a credit card or PayPal account during registration.

Next, get registered!

1. Go to www.masteringphysics.com. Under the large **Register Now** section on the right side of the page, click the **Student** button.
2. Read the onscreen instructions and select your location. Next, check off that you have a **Course ID**. Type in the **Course ID** (MPMORRISONSUMMER2019) and Click **Go**.
3. You will now need to enter your **Access Code** that may have been included with your textbook or student access card available from your campus bookstore.
4. If you don't have an access code, select your textbook (correct title, author, and edition) and whether you want an eText.
5. You'll then be asked to **Accept** the License Agreement before moving on. After this, either **Create** a new Pearson username/password, or, if you've already registered for another Pearson product (i.e. MyMathLab), enter that username/password. If you have an **Access Code**, enter it on the bottom of the page.
6. On the next page, fill out the appropriate information fields then click **Next**. If you entered an **Access Code**, you will be brought to a page from which you can access your product. If not, enter your payment information so that you can **Purchase Access**, after which you'll be granted access.
7. You are now registered! Now, it's time to enroll in your course. Click **Log In Now**. Once signed in you can: enter your **Course ID** (same as Step #2). That's it!
